Verse 1a

Come and pray with me

My heart is heavy can't you see.

Verse 1b

Stay and watch with me this time I need you here

For in this very hour, I must choose to give my life,

Verse 1c

Cause I love you.

Verse 2a

But sleep on my friend, the night is long the time is near,

When they'll come and you will run in fear,

Verse 2b

But still I've made my choice, to give my life for you;

But my heart aches, and my spirit cries.

Chorus 1

Father, take this cup if it be thy will,

Only you can know all the feelings I'm feeling just now.

Chorus 2

But not my will thine be done,

I'll give my life that they might be won,

Chorus 3

But I can't bear to think,

that you must turn away.

Verse 3a

For from time and throughout all eternity,

Our hearts have been bound as one,

Verse 3b

And to think that today we must both break away,

Tears my heart in two,

Verse 3c

Can't I be with you.

Chorus 4

And for the joy set before me, Father I will do,

Knowing you, still my Father...
