Verse 1a

There's no need to stand up for the right
Unless you gonna stand up against the wrong

Don't tell me you're not gonna ever stop to be weak
Unless you made your mind up to be strong
You've got to do right, coz it won't be long.

Verse 2a

Baw...
Now let me tell you how easy to hate your enemy
And it's just as easy to love your friend

Verse 2b

Don't tell me you're not gonna love like
the bible tells you
You've to let the love of God comes in
Well you've got to do right, coz it won't be long

Chorus

Don't want to serve Him better
Don't you want to love more
Can't you hear the Saviour knocking
He's knocking at your door

Verse 3a

Don't you wanna make a haste to meet your Maker
Before you gotta deal with the undertaker
He will take you right now if you're willing
Don't you know the bible is fulfilling

Verse 3b

Well you've got to do right, coz it won't be long
You've got to do right,
live a life-yay, coz it won't be long.
