Chorus

Praise the Lord, O My soul,
all my inmost being, praise his name!
Praise the Lord, O My soul,
and forget not all his benefits,
O my soul!

Verse 1

He forgives all of your sin,
lifts you up out of the pit,
satisfies you with good things,
you can fly on eagles wings.

Verse 2

Slow to anger full of love,
high as heaven up above.
Far as East is from the West,
so removed is sin from us.

Verse 3

He knows we are only dust,
treats us as adopted sons.
In the short time, we'll be gone,
but his love will carry on.

Verse 4

Praise the Lord; He rules us all!
Praise the Lord in heaven strong.
Praise the Lord, each angel song,
all creation sing along!
