Presentation V1A V1B C1 C2 V2A V2B C1 C2 B C1 C2

## **Verse 1a**

The cornerstone of earth's beginning  
The morning stars and angels singing  
In joyful music as the world began

## **Verse 1b**

And still the song is ever-flowing  
The choir of voices keeps on growing  
Eternal praises of the great I AM

## **Chorus 1**

Rejoice, rejoice  
I will lift my voice  
and join the song  
Creation is singing

## **Chorus 2**

Sing and shout  
Even stones cry out  
I must rejoice  
For you are my King

## **Verse 2a**

Reign over me, O King of glory  
All of my heart will sing the story  
Of how your grace has saved a wretch like me

## **Verse 2b**

How sweet the sound we all are singing  
The celebration's just beginning  
We'll sing your praises for eternity

## **Bridge**

One day every knee will bow  
But I give all to crown you now  
One day we'll see face to face  
Till then I will run this race
