Verse 1

We need you now,
we need your fire within.
We need your love,
we need you as our friend.

Verse 1a

We need your light
to guide through what's ahead.
We need you now,
we need you now.

Verse 2

Your power made
this universe we see.
Your power saved
our lives and set us free.

Verse 2a

Your power's here
among us as we sing.
You're everything.
You're everything.

Verse 3

Give us your fire
to carry us along.
Give us desire
to build the kingdom strong.

Verse 3a

Give us the dream,
and when the dream is done,
We'll be with you,
we'll be with you.

Chorus

The Spirit's fire, almighty flame,
calling us higher, never the same,
burn in our hearts, flow through our veins!
The Spirit's fire, the Spirit's fire.
